1 Students must be enrolled in private applied study the same term as their recital. Candidates for the degree B.M.E. are required to make at least one appearance in a recital during their period of study. This appearance must show on transcripts as Junior Recital

2 Music electives selected in consultation with advisor.

3 Consult advisor regarding Portal Requirements. A student enrolled in nine (9) credits during the Internship semester is considered a full-time student.

B.M.E. Students must earn the minimum grade of C in all music and education courses to be eligible for graduation and state certification, students must earn a cumulative GPA of 2.75 and the grade of a C (2.0) or better in all music and professional education courses.

Every candidate for a music degree must display a minimum proficiency in piano. An examination to determine such proficiency is ordinarily given at the end of the sophomore year. Students not meeting requirements by this time must continue to study piano until the required standards are met.

All students must stand jury examinations each semester that they are enrolled in applied study except for the terms in which they are subject to recital juries.

B.M.E. students are required to pass a music reading proficiency examination which consists of singing at sight samples of music in compound and simple meters and modulations to closely related keys. Ordinarily this examination is an integral part of the second-semester sophomore theory course.

Suggested sequence of instrumental methods classes is determined by primary instrument. The sequence of instrumental techniques classes will be determined in consultations between individual students and the music education coordinator.
